Granite and marble elements for HOME

The company specializes in the production of finished parts made of granite and marble. Components manufactured by us find their application in areas such as outdoor gardens, roads, sidewalks, markets, cities, streets and outskirts of indoor lounges houses, stairs, window sills and countertops, kitchen and bathroom. We take the stone from the best Polish -quarries. We also import other types of granite and marble from around the world, so that you have access to the full range of colors of the stone.

We are introducing our most current offer. Here are the most frequently ordered products. We also do special orders. any shape or size, such orders are not a problem for us. Granite is the only material, the choice of form is yours. We have stones of all colors from all around the world, marble, granite or sandstone. Our variety of colors will fit any of your needs. *Granite elements* colour depends only on you and your imagination. Most common stones in our offer comes from Italy, Poland, India, Scandinavia and Iberian Peninsula. Choose your favourite stone and ask us about the offer!

Granite and marble make your home unique

OUR PRODUCTS MEET EUROPEAN STANDARDS

GRANITE AND MARBLE COUNTERTOPS

Beautiful and functional *countertops* are the pride of every home. **Granite and marble countertops** are so smooth and shiny you can see your reflection. They are also easy to maintain because they do not require any special care. It is so durable its resistance to marks and scratches. You won't have to worry anymore about scratching your countertop with a knife or hot cooking oil or pans burning the finish. These accidents will leave no marks on the countertops finish.

GRANITE AND MARBLE WINDOW LEDGE

It does not matter if the window is wooden, plastic or aluminum. No other *window sills* are available that can compete with those *made of stone*. Wood after time is destroyed by the moisture. Plastic is not as appealing to eye and damages easily.. Stone can hold up to anything. *Granite or marble* with a full gloss finish will add charm to any room and will last for many years.

GRANITE AND MARBLE FLOORING

If you are looking for home flooring tile you have to keep in mind certain aspects. For the exterior our *granite slabs* are washed, sand-blasted or burned so they are more resistant to weather conditions, mechanical damage, or simply time. Due to its structure and appropriate hardness they can also withstand heavy traffic.

For interior surfaces such as floors of the house, *granite and marble* make a remarkable solution. The surface of the polished tiles add an incredible element of charm to any interior, add our stairs made out of the same material and you can create a magical composition. A big advantage of this material is its resistance to wear from high traffic or heavy machinery. In the 'projects' you will find a few examples of interiors that use this type of material.
